OBJECTIVE

Seeking to leverage my expertise and passion for user-centered design to create intuitive, accessible, and engaging digital experiences. Dedicated to addressing user needs while driving business success through innovative design solutions that enhance overall user satisfaction and achieve strategic objectives.

TECHNICAL SKILLS

- User Research: Usability Testing, User Interviews, Surveys, Card Sorting
- Wireframing: Figma
- Design Systems: Material Design, Human Interface Guidelines
- Languages: English (Intermediate), Arabic (Native)
- Design Software: Figma   Photoshop   Illustrator   Adobe Premiere

WORK EXPERIENCE

- **Freelance Designer** Self-Employed   **Oct 2023 – Present**
  Delivered a wide range of design solutions, including logo and branding design, UI/UX for websites and mobile apps, and social media graphics.

- **UI/UX Internship** - Tedmob | Beirut, Lebanon   **Jul 2023 – Sep 2023**
  Collaborated with senior designers to create intuitive user interfaces for 3 mobile and web applications.

  Gained hands-on experience in applying UX principles in a professional setting, enhancing my skills in user-centered design by participating in a major projects.

CERTIFICATIONS

- **UIX Bootcamp | SE Factory**   **Jul 2024 – Sep 2024**
  Completed an intensive UIX program covering user research and personas, user stories and journey maps, Competitor Analysis and Feature Proposals, design principles and accessibility over 8 weeks of lectures, workshops, and projects. In addition to 4 additional weeks of final project implementation.

- **Google UX Design | Google**   **Nov 2023 – Jan 2024**
  Completed a comprehensive UI/UX course on Coursera, where I mastered the design process, from user empathy and ideation to wireframing, prototyping, and testing.

EDUCATION

- Master in Architecture - U.S.E.K. | Beirut, Lebanon   **Oct 2011 – Jun 2016**
